Worried about the fees? Don't be!

There are scholarships, fellowships and stipends offered by the government for your benefit. Every year thousands of students are sent to study abroad from Bangladesh with scholarships arranged by PSR Group to attain a beneficial future. Countries like Malaysia have top-class universities that charge low tuition fees while maintaining education quality. PSR Group has been the best study abroad agency in Bangladesh for Malaysia for the past 5 years.

We understand that not all students going overseas is undergraduate level. Some want to pursue Masters, Ph.D. or other degrees. PSR Group also partners with universities that offer these qualifications to bring you scholarship and discount offers. We work to make international education easier and that's why we're the best overseas education consultants in Dhaka.

Confused about what to do after you've completed your higher education in a foreign country? PSR Global group also offers free career consultancy. Many universities that we partner with provide students with part-time job facilities as well as full-time jobs after graduation. So with our help, you can be settled abroad for life. PSR Group helps to study abroad from Bangladesh as well as to start a career in a foreign country.

If you're worried about IELTS or equivalent examination scores, you can be trained for such exams at PSR. There are countries like China that offer scholarships without needing IELTS test scores. PSR can hook you up with such institutions.

PSR Global Consultant started with the aim to transform the population of Bangladesh into human resources through global education and job facilities. We have been doing so for the past 14 years and are now one of the top ten best education consultancy firms in Bangladesh.

All of these accessible features make PSR group the best student visa consultancy firm in Bangladesh.

EDUSMART WORLD NETWORK

Introducing edusmart.study

BY PSR GLOBAL CONSULTANT

EduSmart.Study is a cutting-edge platform designed to bring students, agents, and universities together under one unified system, ensuring seamless management for all users.

Universities: Universities can register on EduSmart.Study to create a comprehensive profile that showcases their offerings to both agents and students. Through this platform, universities can extend exclusive offers to agents and provide students with direct application options, simplifying the admission process and broadening their reach.

Agents: Agents can use EduSmart.Study to manage student enrollments by offering access to a variety of university options and packages tailored to student needs. With each successful placement, agents earn commissions from partnering universities. Additionally, agents have their own customized portals on subdomains and can opt for a paid domain to create a branded website through EduSmart.

Students: Students can directly apply to universities or through an agent via EduSmart.Study, creating personalized profiles with document uploads, passport information, and more to streamline their application process.

CRM System for Universities and Agents: EduSmart.Study includes a robust CRM system, empowering universities and agents to communicate effectively with clients through email and other contact tools. This feature simplifies client relationship management and enhances engagement.

EduSmart.Study is the ultimate platform for facilitating connections and optimizing the application process for universities, agents, and students alike.

Our Success STORY

"I took a study visa processing service from them. Their counselor was very cooperative. They have helped me to get admission. However, they also helped me to get a part-time job. Along with this, they have provided me with three days of living facilities with meals, which were free of cost. I am very much grateful to their whole team. Thank you PSR Global team.
